*Make your music career sustainable!*

Straight outta NYC comes a four-week Incubator Workshop for Singer/Songwriters! 10-15 participants will receive basic training on business principles and exposure to entrepreneurial strategies as applied to the music industry. Each singer/songwriter will also be invited to write a song during the program and present it at a final evening of performances judged by a panel of guests from NYC and Chicago.

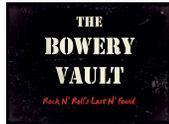

Incubator topics include:

*What makes music timeless?*

*Does quality music have to come from adversity?*

*How do you adapt to changing markets without compromising your Art?*
